## TOWNSHIP NOMINATIONS.

### JUSTICES OF THE PEACE.

1ST WARD—WM. H. MOORE.  
2D WARD—JESSE J. CASSIDY.  
3D WARD—THOS. M. GARDNER.  
4TH WARD—WM. A. GREEN.  
5TH WARD—ANTHONY HOWE.  
AT LARGE—WM. J. KELLOGG, JR.  
and WM. M. HARRISS.

CLERK—S. T. POTTS.

CONSTABLE—SOL. W. NASH.

SCHOOL COMMITTEE—SILAS N. MARTIN, JAMES H. CHADBOURN and ALFRED HOWE.

The election to be held on Thursday, August 7th, 1873.

VOTE for the Amendments and you vote for repudiation.

THE Constitution is good enough as it is. What is the use of changing it?

EACH of the eight ballot-boxes will be labelled with the title of the proposed amendments to the Constitution, and the tickets will read, "For Amendment," and "Against Amendment."

REMEMBER that an enumeration is not a census, and that if we do not have an enumeration of the people in 1875 the present unjust Senatorial apportionment will continue until 1882, if not longer.

A MAN was put in jail for larceny in Goldsboro' to await his trial at the fall term of the Superior Court, and this is the way the Standard tells it:

Not until from the cheerless north-land comes the frost to kiss the paint from the Summer flowers, and the Autumn winds come to shudder between the grave-stones, will Isaac know release, and—not then.

### Instructions.

In the method of voting on the Constitutional Amendments is not thoroughly understood by the people, we publish the following, that there be no mistakes.

There must be eight boxes at each voting place, beside those for township officers, on each of which must be labeled the amendment to be voted upon. In this county the labels will be printed in large, plain type, that there be no mistakes.

The following is the form of each label:

Amendment to the Constitution of North Carolina in relation to the Public Debt.

Amendment to the Constitution of North Carolina in relation to the office of Superintendent of Public Works.

Amendment to the Constitution of North Carolina in relation to the State Census.

Amendment to the Constitution of North Carolina in relation to exemption from taxation.

Amendment to the Constitution of North Carolina in relation to the University.

Amendment to the Constitution of North Carolina in relation to the sessions of the General Assembly.

Amendment to the Constitution of North Carolina in relation to the Code Commissioners.

Amendment to the Constitution of North Carolina in relation to Federal and other officers holding office.

The ballots may be written or printed, and need contain but the words "For Amendment," or "Against Amendment." In this county the tickets against the amendments are printed in slips of eight, so that each voter can tear them apart for each box as he votes.

All persons opposed to the amendments are entitled to vote, provided they are regularly registered. No one can register on the day of election, unless he arrives at the age of 21 on that day, and all voters should see that their names are on the registration books.

The Asheville Pioneer says: "We are informed by a gentleman from Edneyville, that a few days since, Mrs. Hutchinson, who resides in that place, while suffering from temporary insanity, cut her husband's throat with a razor, and then attempted her own destruction in the same manner. The man, it is thought, will recover, while the wound of his wife are of a more serious nature and likely to prove fatal. Mrs. Hutchinson is subject to depression of spirits, and at such intervals would exhibit unmistakable symptoms of insanity; but as she was regarded as harmless, little heed was given to her unnatural or unusual conduct."

### The Proposed Amendments.

The Raleigh News gives the following reasons why the amendments to the Constitution should be voted for:

The amendment relating to the State debt ought to be adopted, because as the Constitution now stands our creditors have a MORTGAGE on all the taxable property in the State, which this amendment proposes to cancel. This will put it in the power of the Legislature to adjust the debt. To enforce payment of the interest and principal of the public debt would BANKRUPT THE STATE.

This, as we said before, is a step towards repudiation, and besides the fatal results to our future progress, will involve us in long and expensive litigation. We doubt if the amendment would be lawful, even if adopted. The bonds, at least many of them, are in the hands of innocent purchasers, who invested in them because of that clause in the Constitution, and now it is gravely proposed to amend the clause and allow the Legislature to "adjust the debt." We do not see the wisdom of that course. The Democratic Legislature is in a bad fix because of that clause in the Constitution, and this proposed amendment is designed to relieve them of the responsibility. A vote for this amendment, therefore, is a vote for repudiation, and the violation of the obligation of contracts is forbidden by the Constitution of the United States.

If, as the News asserts, our "creditors have a mortgage on all the taxable property in the State," we cannot see how we can legally, and without the consent of the other party, cancel that mortgage. If we have made a mortgage, we will have to abide by it, and the bondholders will be just as ready to compromise under the present law as they will be after we have tried repudiation.

Again, the News says: The amendment relating to the State Census should be adopted, because there is no use in taking a census in 1875, and every ten years afterwards, at great expense to the tax payers, when the same work is done by the National Government. The cost of taking a census in North Carolina cannot be less than five hundred thousand dollars!

Now, here our friend makes a great mistake. The Constitution does not require a census, but an ENUMERATION of the inhabitants. It can be done for less money than it costs the State to run the Legislature one month. All that is required is a proper enumeration of the inhabitants, which we believe could be done for twenty thousand dollars. Of course, the Democrats are anxious to keep in power and to prevent a redistricting of the State, but Republicans should think it of sufficient importance to vote it down. The expense is nominal compared to the lavish outlay made for the impeachment of Gov. Holden, but that was necessary for Democratic success, we suppose. We have no confidence in the stereotyped cry of "saving the people's money," every time some move is proposed which might operate against a political party. This proceeding is as old as the United States, and we presume much older. It is flimsy, however, and will deceive but few.

In regard to the biennial sessions of the Legislature, the News says: The amendment relating to the sessions of the General Assembly should be ratified, because it provides that the Legislature shall meet once in two years, and not every year—thus preventing confusion in the enactment of laws, and saving annually to the people one hundred and fifty thousand dollars!

In regard to that, we have to say that one hundred thousand dollars of it could have been saved last year, if the Legislature had transacted its legitimate business and gone home. The buncombe speeches and struggles to get the Constitution changed so as to get the State back to its old-time little ways, the hundreds of acts of but little public importance, which took up weeks of time at a cost of one thousand dollars per day, could all have been dispensed with, and the entire business transacted in thirty days. Who will tell how many days were consumed, at one thousand dollars per day, to get the kuklux pardon bill through? We all remember the long struggle, and the speeches which cost the State over one hundred dollars an hour! There is no doubt but the costs of the Legislature are heavy and unnecessary, but let them meet, transact their small business, and go home. That is what the people want them to do. The laws are in "confusion," we admit, but that is the fault of the Democratic Legislature having them in charge. Such legislation and nonsensical change was not needed, and the time spent in altering and amending sections and acts, was worse than thrown away.

The News says: The amendment relating to Federal and other officeholders should be ratified, because it prohibits persons who hold offices at the hands of the United States Government from holding State offices or seats in the Legislature.

The Government has managed all that, unjustly we think. We do not see why the holding of a small Government position should disqualify a man from being a member of the Legislature.

This is, to our mind, a most nonsensical amendment, and should be voted down amid laughter and scorn.

Although we are willing to admit that there are two or three of the amendments to which we have no particular objection, we advise our friends to vote against the whole eight, and then there will be no mistakes made.

### EDITORIAL BUDGET.

—A New York special revenue inspector, while searching a Spanish brig from Havana for smuggled goods, found a lot of choice tobacco, cigars, oilcloth, snuff, brandy, gin and rum concealed under the coal used for ballast.

—A special dispatch to the Times from Cherry Vale, Kansas, says Col. York has received intelligence that more bodies have been discovered at the Bender grave yard, and that no clue as to the whereabouts of the Bender family had been obtained.

—The directors of the Hoboken savings bank suspended payment Friday evening. The defalcation of Cashier Klesnen was larger than at first reported, the officers of the bank admitting the deficit to be \$55,000. The bank holds about a million and a quarter of bonds and mortgages in trust.

—The weather in Arizona is exceedingly hot, with no rain, in consequence of which the price of flour and grain is unusually high. Thus far only nine ships have cleared with wheat cargoes, against fourteen to the same time last year. The farmers are inclined to hold the new crop, anticipating higher prices.

—Mail advices from Cameron, Kansas, describes fearful ravages among the cattle in that vicinity. Much excitement prevailed, inasmuch as nearly every family owning cows has lost one or more. Farmers and stock growers adjoining the village have been heavy losers. Many cows are now sick and will die. The disease seems to be communicated by grass eaten, and terrible burning fever, which dries up the acids of the stomach and deposits of the bowels; inflammation of the stomach follows. No remedy has yet been discovered.

—Mail advices from Havana of the 29th ultimo contain the following intelligence: The government has obtained possession of important documents, revealing the clandestine labors of the Carlists in that province, and criminalizing Quijano, counsel for the trans-Atlantic steamship company and legal agent for several wealthy merchants of Havana. Other persons are implicated, and are under the surveillance of the courts. The arrest of some prominent men is rumored. In searching the Quijano \$500,000 in gold was found, which it is said, was collected here to be sent to England to further the cause of the Carlists. The Tribune calls upon the government to embargo the property of the Carlisle conspirators in Havana. The Commissioner sent by the Captain-General to Havana has returned, after an interview with Cespedes, who firmly refused to enter into any negotiations. Severe engagements have taken place lately near Puerty Principe with the insurgents. The town of Yacayal was attacked recently by three hundred Cubans. After a fight of several hours they were repulsed. They set fire to several houses, Guzman, a prominent Cuban, who was made lieutenant colonel of the Spanish army for saving Valmaseda from being captured by the insurgents at one time, was lately killed in battle.

**LARCENY.**—After an unsuccessful attempt to break into Capt. Whitehead's residence on Front street, last night, they contented themselves with robbing his chicken coop. The profession must be going to the dogs, when burglars are compelled to descend to chicken stealing.

**VOTERS** are informed that the town elections are not "cumulative" and that they can vote for seven Magistrates in the city, but cannot cast but one vote for each man. Every voter in the city can vote for every Magistrate on the ticket, no matter in which ward they may live.

**S. HANSTEIN & Co.,** New York House, 15 Market street, are offering their entire stock of drygoods, clothing, boots and shoes, at New York cost.

We are requested by Mr. W. H. Gerken, Secretary of the County and Township Republican Executive Committee, to inform the members of the committee from each township and wards, that the tickets to be voted on Thursday next are now ready for distribution, and they are requested to call on him and get them.

**THE** cheapest stock of drygoods to be found this side of New York is at **S. HANSTEIN & Co's** New York House, 15 Market street.

**DOUBLE RUNAWAY.**—A small horse belonging to Dr. Schonwald got loose and ran away, frightening a mule attached to a cart on Second street. The mule made good time, but in turning the corner of Princess and Second streets, ran into a large tree which held the cart, but pitched the driver heels over head into the street. The mule ran on to Third street, and was finally captured. No serious damage done.

**TO MAKE** room for a large Fall stock we have reduced our prices, and are now selling our entire stock cheaper than the cheapest.

**S. HANSTEIN & Co.,** New York House, 15 Market street.

**CARELESSNESS.**—Yesterday noon a rather precocious youth who thought that he knew more about fire arms than does Colt, or Smith & Wesson was handling a pistol, when it was accidentally discharged. A person was passing the room window when the pistol fired, and had it been lowered a little the ball would have struck him. We will again warn boys against the careless handling of fire arms. This is a practice too often indulged in by them, and if continued we may look for serious results.

**THE** only chance of getting a suit of clothing, shoes, shirts, &c., at New York cost, is to go to **S. HANSTEIN & Co's,** New York House, 15 Market street.

**ASSAULT WITH INTENT TO COMMIT A RAPE.**—A colored man by the name of Robert Murphy was lodged in jail this morning upon a commitment from S. C. Fillyaw, Esq., J. P. of Holly township, charged with an attempt to commit a rape upon the person of Julia Davis Lee, a little white girl, aged but ten years. He failed to accomplish his hellish designs, however, and the little girl, though slightly bruised on her limbs during the struggle, was unharmed. The assault was made last Thursday, and Murphy was arrested Sunday. Too much praise cannot be bestowed upon officer Rivenbark for his promptness and determination in the matter, as it was well known that Murphy was armed, and had made serious threats. The case will stand for trial at the October term of the Superior Court.

**THE** Raleigh News says: Prof. Alexander Melver, Superintendent of Public Instruction, left for New York yesterday morning to attend the session of the National Educational Convention which convenes in that city early next week.

## THE TOWN CRIER.

— Mild.  
— Gold-to-day is 115½.  
— Delightful yesterday.  
— Cockroaches are very large and numerous this year.

— N. Gerken celebrated his silver wedding yesterday.  
— The howls of curs are on the increase. Where is the cart?  
— Thieves tried to steal Mr. D. G. Worth's chickens last night, but were frightened off, and the birds still live.

— Attempted burglary last night on Castle street, between Front and Second. Villain scared off, and no one captured.

— A woman got a warrant from 'Squire Cassidey on Saturday night, after 11 o'clock, for her husband, charging him with beating her!

— The staging has been removed from the "Weill" building on the corner of Princess and Front streets, and it is indeed an elegant structure.

— Rev. Mr. Horton, pastor of the First Baptist (colored) Church, baptized five persons yesterday in the basin at the foot of Princess street. The ceremony was very impressive.

— Ex-Alderman H. S. Servoss is in the city. We learn from him that their Company has erected a building at Abbot'sburg 110 by 40 feet, for the purpose of building box cars for the Carolina Central Railroad.

**THE CHURCHES.**—Yesterday was a delightful day. Though the weather was quite warm a refreshing breeze did much to render the atmosphere cool and comfortable. The attendance in the Churches was quite light, owing to the absence of so large a portion of the people. Rev. Mr. Patterson officiated at St. John's Church, and Rev. Dr. Watson at St. James'. The communion was administered at the latter Church. Dr. Burnheim preached at St. Paul's Lutheran and Rev. Mr. Hiden at the Baptist Church. Rev. Mr. Buist preached morning and evening at the First Presbyterian Church to a full congregation. Dr. Moran preached at the Front Street Methodist Church. Rev. Father Gross preached at St. Thomas' Church. There was no service at the Second Presbyterian, and Rev. Mr. Ambler, of St. Paul's Episcopal, is still out of the city. The evening services were well attended, the cool breeze and bright moonlight contributing much toward a full attendance at Church.

### STATE ITEMS.

The Charlotte ice machine is most ready to commence its operations.  
Trains commenced running regularly yesterday between Greensboro and Winston.

The work of erecting a new Baptist Church in Morganton has been commenced.  
The Raleigh Sentinel says: One of our temperance men, who has recently been sojourning in Asheboro', informs us that there is not a single bar-room in Randolph county and not a prisoner in jail. He says the people are prosperous and happy, and it is all owing to the absence of intoxicating liquor.

Says the Winston Sentinel of the 31st inst: "An excursion numbering several hundred left this place on last Saturday morning for Greensboro. Many of them had never seen or ridden on the cars before, left here filled with curiosity, and came back filled with whiskey. A large number of both sexes and all ages assembled at the depot to see them off, and were on hand to welcome them back again, and seemed to take as much interest in the affair as if it had been a hanging."

## Saturday Night Sketches.

It was a lovely evening, and it seemed as if everybody was out enjoying the delightful hour. The cool breeze, so common here, fresh from the sea, made it an enjoyable hour after the sultry day, and it was taken advantage of by thousands of people to make their deferred purchases. As usual, the merry jests and loud laughter ruled the hour. At the lower end of the Market is a portion of the street devoted to the sale of the "denizens of the mighty deep," and usually these carts are emptied earlier than the vegetable carts; but the supply was large this evening, and though business was brisk, the traffic continued for hours before trade was closed. Here were pigfish, sheepheads, trout, skipjacks, mullets, blackfish, flounders, shrimps, crabs, turtles, clams, etc., in great abundance. It seems strange that, with our wonderful luxuriance of vegetable growth, we should have our best fish season also, but such is the fact. Everything is supplied now with a most bountiful hand, and while the "hard times" necessitate but a small outlay of money, that little will purchase a great variety of food.

A stroll, or rather a squeeze, through the Market House, was a varying episode. Here were good natured fat old "aunties," with tables covered with "snacks," which consist of a piece of chicken, enclosed in a large biscuit, hot coffee, hard boiled eggs, etc., to supply suppers to those whose business or pleasure keep them from their homes. Here were trays of snowy tripe, cut into squares, and strung upon pine skewers, and sold at so much "a stick." We pass the fresh meat stalls, similar to those in all large cities, and come to the upper end of the Market, which was literally piled with vegetables and fruits. Melons were piled up like shot and shell in a large fortification, and the display would have been a creditable exhibition at a State Fair. Large Irish potatoes, washed clean and white, all ready to be consigned to the pot; new sweet potatoes, large and white, the advance guard of a delightful army soon to be here; golden squashes, more beautiful than gems; while among all the fruits were bunches of green leaves, making a picture not to be slighted or forgotten. Of course we had ceased smoking, for the vigilant police, always on the lookout for offenders, would have detected the flavor of our Havana (?) and directed us to appear before his Honor on Monday. Not wishing to interview him on the wrong side of the bar in the City Court room, we refrained. But our cigar went out! Hastening to relight it—for impetuous reporters cannot afford to throw away a half-consumed cigar—we were met with the salutation, "looking for Saturday Night Sketches, eh?" in an embarrassing manner. We are too retiring by far, and our desire to slip along unnoticed, is, we fear, if we continue these sketches, impossible. But such is the inconvenience of greatness.

Our usual ramble among the vegetable carts revealed but little of new sights. An ever-changing panorama, amusing and inexpressibly entertaining, may become dull and monotonous reduced to canvas, and having a due regard for the happiness of our friends, we desist. One dealer, more ambitious than the rest, or perhaps more practical, has fitted up a large wagon with shelves and other conveniences for truck and displayed a large amount of the products of the soil. Here, stopping to assuage the grief of a maiden of tender years who had lost an article of jewelry, we forgot carts and noises. Oh for the innocent hearts of youth that we might weep away our grief. Tears are almost forgotten things. Why are we denied their luxury in our maturer age? "I reckon everybody has got his meldon" by this time, said a passer-by. We then remembered that the hour was fleeting and the Sabbath would soon be here, and that in accordance with the custom of the country, we required a meldon "for Sunday evening" but alas, the supply was well nigh exhausted. But a friend had been more thoughtful and a fine one lay in our ice box unknown to us then, and like poor human nature we mourned over our lot, ignorant of the joyful surprise in store for us.

We have sketched our space without thanking the half moon for her beautiful light from a cloudless sky, but we enjoyed her just the same. As the midnight hour approached, the crowds became thinner and the tumult ceased. The moon sank behind the moaning pines, the last cart was gone, the lamp lighter started his customary rambles and save the clicking of the type in the offices of the morning papers, the city was at rest, when the glorious Sabbath came.

From the Piedmont Press we learn that Lafayette Phillips, living on Johns River, Burke county, was killed by lightning on Thursday of last week. His two horses were also killed and his son so badly paralyzed by the shock that it is thought he will never recover.

### NEW YORK.

**NEW YORK,** August 4.  
The Seddon-Chambers prize fight yesterday was carried out so quietly that the police were completely frustrated in their attempts to find the location.  
The fight was on Long Island, between Gravesend and N. Eutrecht.—A line was formed in a clump of trees, ropes being run around their trunks in lieu of stakes. There was little formality in the preliminaries, the two men walking in the ring in plain clothes.—Chambers was in splendid condition, but Seddons showed signs of overtraining. Forty-seven rounds were fought. Chambers drew the first blood. The men came to time promptly until after the 40th round, when Seddons showed the effects of the heavy punnelling he had received. At the end of the 47th round, Seddons' face was pummelled to a jelly, and failing to come to time his seconds threw up the sponge. Chambers was not much injured. Seddons was barely able to stand up, and had to be carried to a carriage and conveyed to his home. Chambers immediately after left for his home in Newark.

During the excursion of the steamer Heletia Mannerchor to College Point yesterday, a rain storm drove the excursionists on board the boat. A crowd of pickpockets endeavored to get on board, but failing in the attempt attacked the excursionists with bricks and stones.—Two gentlemen had their skulls fractured. Several ladies were seriously injured, one reported being knocked down by a stone. Several of the injured parties were carried to Bellevue Hospital.

We especially call the attention to the following testimonials of the Paint:  
C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly, A. H. STRASSBAUGH, Creswell P. O., Hartford county, Md., Feb. 6th, 1873.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.  
Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellence of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.  
Very respectfully and truly, S. MCGILL, M. D.

TO THE PUBLIC.—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, Esq., No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In this case, the paint was applied by the subject to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work where paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.  
WM. E. SINN,

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872.  
Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities in every respect, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend on unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.  
Yours, truly, JACOB STOFFEE & SON.

#### FROM HON. JOHN WETHERED.

Mr. C. P. Knight—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.  
Yours, Respectfully, JOHN WETHERED.

Yours, Respectfully, EMART & QUARTLEY, 270 W. Baltimore St. House, Sign and Fresco Painters, PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given me entire satisfaction, and I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.  
Very Respectfully, R. DICKEY, M. D., No. 93 W. Lombard Street, Baltimore.

AS A FAMILY PAPER.

The Times will have no superior; it will be free from all appeals to vulgarity and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL.

The Times will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The Times stood alone in demanding Reform from 1860 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the Times. But it will not conspire in assisting ambitious politicians to violate the principles of the party, and to demagogue to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity. It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES
